

Sinuforce Nasal Spray + SEA SALT & EUCALYPTUS

**For natural decongestion
of a blocked nose**

Instructions for use

Please read this information carefully before you start using Sinuforce Nasal Spray with Sea Salt & Eucalyptus as it contains important information about what you should be aware of when using this medical device. If you have any questions, please ask your doctor or pharmacist.

What is Sinuforce Nasal Spray with Sea Salt & Eucalyptus, and what is it used for?

Sinuforce Nasal Spray with Sea Salt & Eucalyptus is a hypertonic solution containing natural sea salt, purified water, povidone, eucalyptus and menthol aroma. It is free from preservatives and propellants. Sinuforce Nasal Spray with Sea Salt & Eucalyptus is a medical device intended for natural decongestion of a blocked nose.

May reduce the need for using decongestant sprays and is not habit-forming.

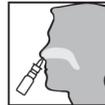

Helps to alleviate symptoms such as nasal itching, sneezing, and a runny nose.

This product cleanses the nasal cavity, rinsing out excess mucus, impurities and allergens, relieving dryness and leaving the nasal mucosa hydrated. The aromatic substance eucalyptus provides an immediate feeling of relief and freshness.

Dosage and use

Depending on your needs, adults and children above six years of age should apply 1 – 2 sprays of Sinuforce Nasal Spray with Sea Salt & Eucalyptus in each nostril several times a day.

Children and people unable to use the product on their own should be assisted during the application of the product. Before using Sinuforce Nasal Spray with Sea Salt & Eucalyptus for the first time, take off the cap and pump 2 – 3 times to release the air from the pump. Do not cut the tip. If the spray function is impaired (which might happen if the bottle is not positioned upright), press the pump mechanism several times in upright position.

1. Remove the cap from the bottle.
2. Hold the bottle with your index and middle finger on either side of the finger rest and your thumb underneath the bottle. Bend your head slightly forward and close one nostril by gently pressing against the side of your nose with your finger of the other hand.
3. Insert the tip of the spray into your nostril and breathe in gently.
4. Press the pump down quickly and firmly to spray into your nostril. Continue breathing gently through the nostril.

5. Insert the tip of the spray into your other nostril and repeat the steps described above.
6. Wipe the exposed tip of the bottle with a clean lint-free tissue.
7. Replace the cap on the bottle.

Warnings and precautions

When used properly, no special warnings and precautions are necessary when using Sinuforce Nasal Spray with Sea Salt & Eucalyptus. To ensure good hygiene, each nasal spray bottle should only be used by one person. This product should be used at room temperature.

How to store Sinuforce Nasal Spray with Sea Salt & Eucalyptus

The expiry date of Sinuforce Nasal Spray with Sea Salt & Eucalyptus is printed on the box and on the label of the bottle.

Sinuforce Nasal Spray with Sea Salt & Eucalyptus must not be used after the expiry date has passed. Sinuforce Nasal Spray with Sea Salt & Eucalyptus should be stored below 25°C and kept out of the sight and reach of children.
